

Susan George
Principal Trainer / Registered Psychologist

Biography

An Associate with ESN, Susan specialises in training and consultancy interventions with a focus on stress resiliency, peer support, crisis management, conflict and grievance resolution, interpersonal dynamics, neuropsychology, organisational behaviour, effective management skills, risk management, diversity, bullying and harassment and change management. She has over twenty years experience in consulting, interventions and training to promote well being and engagement.

Susan's industry experience spans State Government, Federal Government and private sector organisations including health services, community welfare, disability services, indigenous, aged care, insurance, education and training, and recruitment organisations. In addition to her work with ESN, Susan works in an independent private psychology practice.
